Financial Freedom Plan for Agents

1. Financial freedom is the state of life where one's passive financial income (money earned without working), can satisfy one's needs.
2. We ask GoBig Agents to set a target of earning **at least** USD. 5,000 monthly, as passive income.
3. To earn USD. 5,000 monthly, an agent needs to have earned at least USD. 600,000 from GoBigHub.com, which, when fixed at average, safe and guaranteed Government Treasury bills return rates of 10% per year, will return USD. 24,000 per annum (10% of USD. 600,000), and hence, USD. 5,000 per month.
4. There are **three ways** for GoBig Agents to reach this figure of USD. 600,000 in earnings from GoBigHub.com, or USD. 5,000 per month.
 - 4.1 From our GoBig Agency contract, Article 10(i), GoBig Agents shall earn "...1% of all the value of business (contracts) brought to GoBigHub by agent and successfully financed and exited". Hence, USD. 600,000 is 1% of the value of business financed, therefore, the value of business financed must be USD. 60,000,000.
 - 4.2 From our GoBig Agency contract, Article 10(ii), GoBig Agents shall earn "...5% of investment capital brought to GoBigHub.com, one off fee". Hence, USD. 600,000 is 5% of the investment brought, therefore, the investment brought must be at least USD. 12,000,000.
 - 4.3 From our GoBig Agency contract, Article 10(iii) where GoBig Agents shall earn "0.25% of investment capital brought, monthly, for duration of investment;" Hence, USD. 5,000 is 0.25% of amount of investment delivered to GoBigHub.com, hence, an agent should deliver investments worth USD. 2,000,000 to earn monthly USD. 5,000 passive income.
 - 4.4 From our GoBig Agency contract, Article 10(iv) where GoBig Agents shall earn "0.25% of investment capital brought, by a referral, upto 12 levels down;" Hence, the total investment made by my network of 3 initial referrals, each referring 3 people per level, for 12 levels, and each referral investing USD. 1,000 into gobighub contract financing, hence, leading to a total of 265,720 referrals, and a total investment of USD. 265,720,000, of which 0.25% is USD. 664,300. This amounts to USD. 66,300 per annum, or monthly USD. 5,536 passive income.
5. Financial freedom is a step by step process, not a one step process, so, we encourage our agents to be patient, and slowly work the leads to build the deals, with a target of (12) months.
